

# Deleting Cache in Driver Center

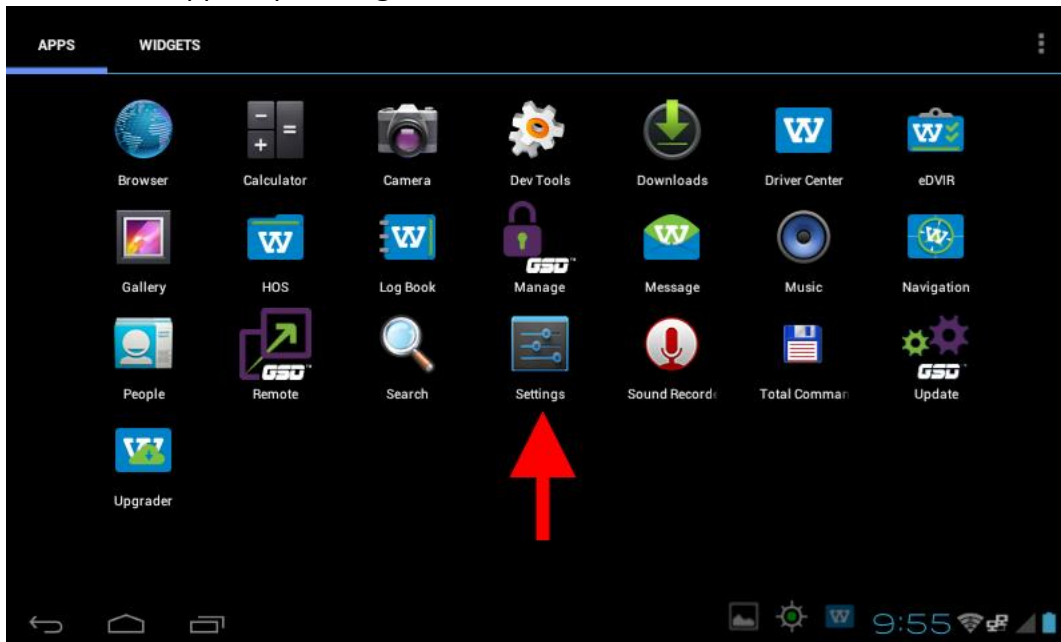

Sometimes, it is necessary to delete the Driver Center data cache to fix problems or troubleshoot issues.

Here's how to delete the Driver Center cache:

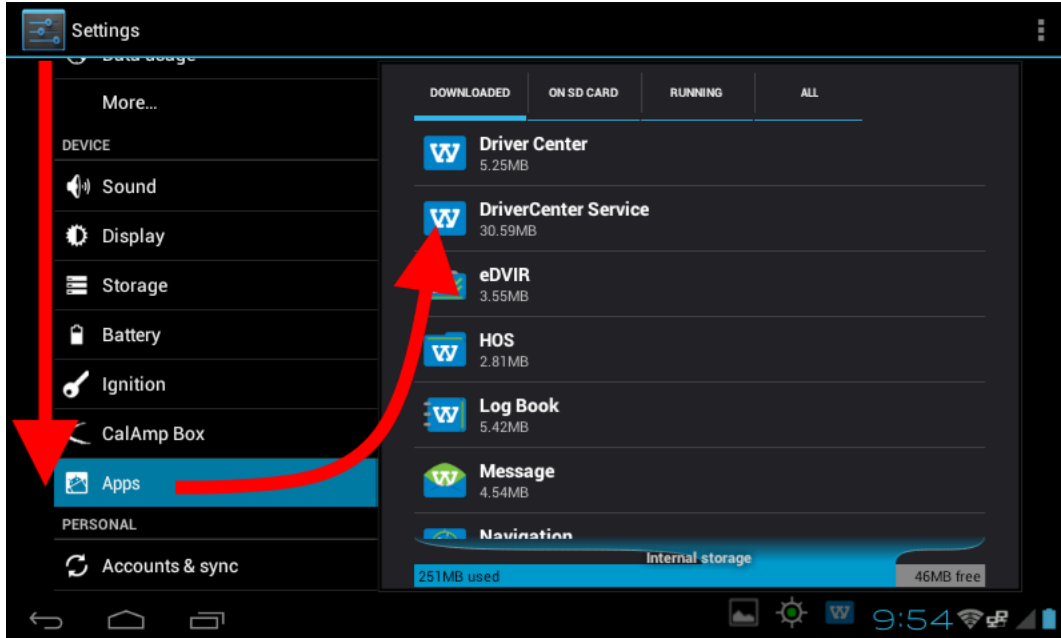

1. Unlock the MDT and then tap the icon at the top right:

2. In the list of Apps, tap **Settings**:

3. On the left side of the Settings screen, scroll down to **Apps** (under the **Device** header), and then in the list of apps, tap **“DriverCenter Service”** (not **“Driver Center”**):

4. Tap **Clear Cache**:
